# Programming Suggestions for Chapter Meetings

In an effort to share our best practices, the following list of programming suggestions for chapter meetings and events has been compiled. Many of them have been successfully implemented in chapters around the country. Some of the implementing chapters are indicated. In the future, we hope to provide direct links on this page to the chapter that offered the idea. In the meantime, go to the Chapter Directory for contact information: <https://npm.org/chapter-directory/>. You can contact Bonnie DeSalvo directly at [bdesalvo325@yahoo.com](mailto:bdesalvo325@yahoo.com), if you are in need of assistance with planning or programming for your NPM chapter. Also contact Bonnie if you have any ideas to share. The more we have the better.
